

KÄRCHER

EXCEED CLEANING AND SAFETY REQUIREMENTS.

Innovative and efficient cleaning solutions for general manufacturing.

INDUSTRY | GENERAL MANUFACTURING

MAXIMIZE CUSTOMER SATISFACTION.

At Kärcher, cleaning is our job as well as our passion, and we take our responsibility towards people, culture and the environment seriously. We are a family owned company and have been producing quality equipment for over 80 years. We are working on new solutions - full steam ahead, just as we always have. Whatever the cleaning task, we have the solution.

In a manufacturing facility we understand that cleanliness is non-negotiable. Cleaning up spills, dust, and bacteria is highly critical to your daily production. Kärcher's range of industrial cleaning products were designed to help boost productivity and help you create a safe and well-kept facility.

EXTERIORS & OUTDOORS

Exterior dirt and debris can be a challenge to keep out of your facility. Parking lots, sidewalks, and entrances can be easily cleaned with our range of industrial floor care products and pressure washers.

The KM 85/50 R Bp sweeper is perfect for sweeping debris from sidewalks, walkways, and building entrances. Kärcher's KM 130/300 R Bp ride-on sweeper has a high working and transport speed and includes an 81 gallon waste container.

If you're looking for maximum performance for the toughest jobs, the KM 150/500 R Bp is your machine. It includes a robust steel chassis, durable and reliable components, and a dust filter system. The HD 3.0/27 G cold water pressure washer can easily blast debris from sidewalks, parking lots, and building exteriors to keep your building looking presentable.

PROCESSING CENTER

Cleaning up dust and spills quickly is a necessity for you and your cleaning crew. Kärcher has what it takes to make cleaning efficient and help with your continued efforts to reduce water usage and waste.

The NT 68/1 wet/dry vacuum makes it easy to tackle any task. It has an eighteen gallon capacity and self-adjusting squeegee assembly to efficiently pick up water and dust. Kärcher's B 260 R Bp ride-on scrubber cleans up to 64,580 square feet per hour and is completely customizable and safe for operators, machines, and your floors.

Use the KM 75/40 W Bp sweeper to clean congested areas on your manufacturing floor. Its active dust control system keeps dust down and provides better air quality. The innovative B 300 R scrubber & sweeper includes a 79.25 gallon waste water tank, cleaning up to 178,144 square feet per hour.

LOADING DOCK

Keeping steel platforms, yard ramps, risers, barriers, and bumpers clean and dry is a tough job. Our line of industrial sweepers can keep your floors - inside and out, free of debris. Pressure washers and wet/dry vacuums can assist in keeping your facility OSHA compliant.

Use the KM 75/40 W Bp sweeper to easily sweep up debris around the loading dock and inside trailers hauling food products to comply with the FDA's Food Safety Modernization Act requirements. Use the B 150 R Bp scrubber to minimize slips and falls on the loading dock.

Kärcher's B 80 W Bp scrubber features interchangeable cleaning decks, 21 gallon tank capacity, and Kärcher Fleet comes pre-installed. Blast dirt and debris from all surfaces with the hot water HDS 3.5/30 P Cage pressure washer.

OFFICES & RESTROOMS

Your front office is a bustling, high traffic area, making it a challenge to clean. Make a great first impression with top of the line vacuums, extractors, and scrubbers, keeping offices and bathrooms sanitary and safe.

The compact B 40 W Bp scrubber is easy to operate and includes six cleaning modes so you can easily adjust the machine to fit the cleaning situation at any moment. Use the dependable CVU HEPA to vacuum carpeted areas while improving air quality.

Kärcher's BVL 5/1 backpack vacuum increases productivity and efficiency. You can easily clean up debris in entrances and high-traffic areas. To remove set-in stains from carpet, use the Armada® extractor, made for cleaning in any direction.

VEHICLE & SERVICE AREA

The vehicle & service area is the heartbeat of your facility - maintenance, cleaning, and repairs of all sizes. Keep this area clean for a highly productive environment.

Our KM 75/40 W Bp sweeper is maneuverable, compact, and perfect for sweeping the floor of a shop or repair area.

Clean all surfaces with the Mojave Series electric powered pressure washer, providing hot water cleaning up to 3000 PSI.

Kärcher's NT 65/2 TACT wet/dry vacuum easily picks up water and dust from tough to reach spots. Clean debris, vehicles, machines, floors - whatever the demand, we have a solution.
